

## **Saint Francis Expands Outpatient Laboratory Service**

Effective March 1, 2003, Saint Francis Laboratory can provide lab services to all patients and physicians affiliated with Saint Francis Health System. Service has been successfully delivered to Warren Clinic and CareMed patients since September.

Draw sites have been located throughout Tulsa to better serve the patients that utilize Saint Francis physicians. There are also locations in Broken Arrow, Owasso and Stillwater. The following are locations any patient can access to have samples taken:
